FUTURE IS **HERE**

TPSA Members and Guests ,

As we press forward through regional competitions, the time has come for some of us to begin shifting our focus towards the TPSA 2024 state conference. This annual gathering unites dedicated professionals, passionate students, and esteemed leaders in the public service sector from across the state.

As we embark on this conference, please keep in mind our 2024 theme, "Your Future Is Here." This theme encapsulates the essence of what TPSA represents for our students—a gateway to their aspirations in the realm of public safety. "Your Future is Here" serves as a rallying call, reminding us all that TPSA is not just a stepping stone but the very foundation upon which our students build their careers. It underscores the importance of seizing the opportunities we offer and making the most of them right now.

To all attendees, whether you are a seasoned professional, a dedicated student, or a first-time participant, we encourage you to actively engage, exchange ideas, and forge connections that will not only enhance your professional journey but also contribute to the collective advancement of public service students in Texas. Our theme isn't just a slogan; it's a promise. It's a commitment from us to provide our students with the resources, support, and experiences they need to succeed in their chosen fields. It's about creating an environment where they can thrive, grow, and ultimately make their mark in the world of public safety.

We extend our deepest gratitude to our speakers, sponsors, and volunteers whose unwavering support will make this event possible. Your commitment to the ideals of our organization is truly commendable, and we are honored to have you as part of our community.

Thank you for being a vital part of the 2024 TPSA State Conference. Together, let us embrace the theme, "Your Future Is Here," and pave the way for a future that holds limitless possibilities.

Here's to an extraordinary State Conference, where together, we'll shape the future of public safety.

Sincerely,

Kira Hassler Newsom
Executive Director

2.1 Dates and Location

The conference will be held from March 25th- March 28th, 2024 at the Marriott Dallas Allen Hotel & Convention Center.

Allen, Texas 75013*

2.2 Theme and Objectives

This year's conference theme, **"Your Future is Here"**, directly affirms that TPSA is a vital part of students' paths toward their career goals. TPSA is the ideal environment where students can acquire essential knowledge, develop practical skills, and experience real-world scenarios they might encounter in their chosen public safety field. The theme stresses that there's no need to wait for some distant future to prepare - the time is now, and the place is here, at TPSA. The designs effectively capture this sense of immediacy, place, and the vital role of TPSA in shaping students' futures. We hope this theme will inspire insightful discussions, incite innovation, and encourage collaboration among participants.

2.3 Organizing Committee

This year's event planning is being led by the Board of Directors, but it's essential to acknowledge that the success of this endeavor would not be possible without the invaluable contributions of the Executive Council, Regional Representatives, dedicated Staff, and committed volunteers.

4.0 Competitions and Rules

4.1 Competition Categories

The Texas Public Safety Association offers a diverse range of competitive events designed to assess and enhance your readiness for careers in public safety. These events fall into three main categories Roleplay, Skills Assessment, and Prepared Events.

4.2 Rules and Guidelines

All state competitive events will adhere strictly to TPSA policies outlined in the bylaws, code of conduct, competition rulebook, and individual event guidelines, ensuring fairness and integrity throughout the competition process.

4.3 Event Entry and Eligibility

High School Public Service students who have competed at a 2024 Regional Competition, placed 1st, 2nd, or 3rd in the respective events, and scored at least 60 points are eligible to participate in state level competitive events. Students are limited to participation in two competitive events.

4.4 Attendance, Substitutions, Drops

Checking in to Your Event

Competitors must check in to their event at their designated check-in time. Competitors that arrive ten (10) minutes after their designated check-in time will be marked as no-shows and not be allowed to compete out of respect for the time commitment made by our judges and volunteers.

Substitution Policy

TPSA has enacted an emergency substitution policy to accommodate emergency situations for students on team events needing to be swapped out before the competition.

- Substitutions may only occur for emergencies up to five days before the competition. After the 5-day deadline has passed, substitutions can not be made, and the competitor must forfeit the event (teams may still be able to compete, see the Drop Policy). Grades are not a valid emergency.
- Substitutes must be active paid members of TPSA.
- Substitutions must be approved by the Executive Council
- Substitutions can not be made for individual events.

Drop Policy

- Any team of 3 or more students may compete with one less than the required number of team members; however, no more than a one-member deficit is allowed.
- Teams composed of 2 or fewer members will forfeit the opportunity to compete in a particular event if a member is removed for any reason other than an emergency substitution.
- No team can compete with a deficit greater than 1 regardless of the reason.

State Conference

- No more than 50% of any team may be substituted for a State Competition.
- The substitutes must have attended and have competed at a regional competition, not in the same event.
- Only emergency substitution requests will be considered after the close of registration.

To submit a substitution request, submit a special request in myTPSA.

<https://texaspublicsafetyassociation.org/help/special-request>

4.5 Scoring

The Texas Public Safety Association (TPSA) aims to provide a fair and transparent scoring system to ensure the integrity and credibility of our competitions.

(a) All scores from individual judges will be averaged to determine a competitor or team's final score for each event. This process ensures fairness and objectivity in scoring.

(b) Ties are not allowed for a numerically scored event. In the event of a tie, judges are required to review and adjust their scorecards to break the tie. The revision should be based on the team or individual's overall performance, paying close attention to aspects like adherence to safety protocols, accuracy in executing tasks, professionalism, teamwork, and communication. Under no circumstances should ties be broken based on time. All options must be exhausted to break a tie, in the event that a tie is still unable to be broken the Competition Governance Team for that conference must approve a tied placement.

4.6 Awards

Medals are awarded to 1st place, 2nd place, and 3rd place competitors for each competitive event. Each winning entry or team will receive a trophy to be displayed at their school, symbolizing their collective excellence and teamwork.

The presentation of awards is an integral part of closing ceremonies at the State Conference. It is highly recommended that all participants and advisors attend the ceremony to celebrate the achievements of all involved. If you choose to leave the conference prior to the award ceremony, you will be responsible for any shipping charges incurred to receive your medals or trophies. Please notify the event organizers in advance if you will be unable to attend the ceremony.

4.7 Grievances

A grievance is a formal complaint or allegation regarding a decision, action, or condition that a competitor, advisor, or team believes to be unfair, unjust, or in violation of TPSA rules and guidelines.

Reporting Process

1. Submission: All grievances must be submitted through the myTPSA portal. No grievances will be accepted through any other means.
2. Initial Review: Upon receipt of a grievance, the Competition Governance Team will initiate a preliminary review to determine the validity of the complaint.

Hearing and Investigation

1. Notification: The Competition Governance Team will notify the party against whom the grievance has been filed, outlining the nature of the complaint and requesting a written response by a specified deadline.
2. Hearing: A formal hearing will be conducted where the Competition Governance Team will review all submitted materials and any additional evidence.
3. Decision: After thorough review, the Competition Governance Team will make a final decision and notify all parties involved.

Time-Sensitive Nature

Due to the time-sensitive nature of grievances, especially during regional and state competitions, specific deadlines for filing and resolving grievances will be posted at each event.

Non-Compliance

Grievances that do not follow this prescribed process and any posted time limits will not be considered.

Additional Resources

For step-by-step guidance on how to submit a grievance, please visit [TPSA Grievance Guide](#).

4.8 Competition Governance Team

The Competition Governance Team is a specialized body within the Texas Public Safety Association at each conference designed to ensure the integrity and fairness of all TPSA competitions. This team comprises one Board of Directors member, one Executive Council member, and a Regional Representative for regional competitions. For state-level competitions, the team expands to include two Board of Directors members and three Executive Council members. Their key responsibilities include reviewing grievances, overseeing the scoring process, and disqualifying participants when necessary. If any team member feels strongly about an issue that needs broader deliberation, they can move the matter to be escalated to the full Board of Directors and Executive Council for a comprehensive vote. This structure ensures a balanced and equitable resolution of any challenges or conflicts during competitions.

6.2 Volunteer Requirement

The TPSA State Conference is a large undertaking that requires hundreds of volunteers to ensure that all activities run smoothly and efficiently and keep costs minimized for participants. To fill this volunteer need, each chapter attending state conference is required to register two (2) volunteers. The volunteer requirements are as follows:

- One adult (18+) volunteer that is not a student competitor. Advisors may serve as a registered volunteer but must fulfill all volunteer requirements as outlined in this policy.
- One adult (18+) or youth (14+) that is not a student competitor.
- Volunteers must be available to work both Tuesday 03/26/24 and Wednesday 03/27/24 for a combined minimum number of eight (8) hours. Total number of hours is dependent on job assignment.
- Volunteer jobs will be assigned on an as needed basis at volunteer check in. No requests will be honored prior to check in.
- Volunteers must be entered into the conference registration system before it closes 03/15/24.
- Volunteers must check in on Tuesday 03/26/24 between 8:20 and 8:50 am.

Chapters who do not pay the penalty will not be permitted to participate in competitive events. No refunds will be given. To have this penalty applied to your account prior to the close of registration please email connorwinston@tpsa.info.

In the event your chapter registers the two (2) required volunteers and one or both volunteers fails to fulfill the requirements of their assignment a \$250 penalty will be applied to your account. This penalty must be paid prior to membership registration for the 24-25 school year.

6.3 Registration Process

To register attendees and volunteers for the 2024 state conference, visit the TPSA State Conference website at <https://texaspublicsafetyassociation.org/conferences/state> . Click the registration link and

follow system instructions. For registration questions and issues visit <https://texaspublicsafetyassociation.org/help/registration> .

6.4 Meal options

TPSA will not be providing meals as part of your state conference registration fees. This decision was made after reviewing state conference survey data and conducting an in depth cost analysis. TPSA staff have researched alternatives to previous offerings and have come up with a plan to offer meals delivered from outside vendors. The meal fee schedule and the options are below.

We've introduced an individual meal purchasing option this year! Now, attendees can directly purchase their meals online themselves. This is a great opportunity for advisors to empower students to make their own choices. Direct them to <https://tpsa.info/state-meals> to purchase meals. Chapters can still purchase meals as a group on their conference registration invoices.
